Global Floorcare Solutions

Ideal for use on concrete floors

Scarifying brush – available in progressive grades for removing impacted grease, ice and dirt from hard floors

Cimex triple-brush action for great finish, increased safety and ease of use

Starwheels – hardened steel stars with an aggressive action for removing rubber & paint

The triple-brush cleaning mechanism incorporates a contra-rotating planetary drive disc

This gives a vigorous action that cleans in all directions with the brushes cleaning deep into the grouting of tiled floors, around the contours of rubber studded non-slip floors or into the pile of carpets

All HD models are supplied with two 17 kg ballast weights for more aggressive scarifying
