

Cimex Cyclone

Cimex cyclone scrubber/polishers are multi-purpose machines suitable for scrubbing, cleaning and polishing virtually every type of floor in a commercial or industrial environment.

- Ideal for scrubbing hard floors, polishing and spray cleaning of vinyl and ceramic floors and cleaning uneven surfaces
- Ideal for concrete, wood, vinyl, carpet, rubber or tiles
- Cimex triple-brush action for great finish, increased safety and ease of use
- Floating brushes provide effective cleaning action of grout lines, slip resistant floors and textured natural stone
- Triple-brush action prevents cable snagging
- Deep cleaning action
- Reversing brush action extends brush life
- Water delivered through brush centres to reduce splashing
- Non-clog solution valve for uninterrupted operation
- Belt drive for quiet operation; ideal for hospitals, nursing homes and schools
- No “bloom” rings or halo effects to mar floors
- Central motor for even brush pressure
- Available in four sizes
- A complete range of brushes are available for carpet shampooing, scrubbing hard floors, cleaning quarry tiles and any dimpled or uneven floor surface

For more information about carpet cleaning with the Cimex Cyclone please ask for information on the Cimex Encap system.

Global Floorcare Solutions

Ideal for scrubbing hard floors

Non-marking wheels for a truly professional finish

Ideal for cleaning uneven surfaces e.g. studded rubber, tiles etc

The triple-brush cleaning mechanism incorporates a contra-rotating planetary drive disc

This gives a vigorous action that cleans in all directions with the brushes cleaning deep into the grouting of tiled floors, around the contours of rubber studded non-slip floors or into the pile of carpets.

Cimex triple brush action for great finish, increased safety and ease of use
