48 x 3 x 5 litres per pallet (720 litres)

25 litre canister Item code: 02-221E
24 x 25 litres per pallet (600 litres)

Perform Hulk Wash & Gloss is a nourishing combination agent that combines cleaning and maintenance. Perform Hulk Wash & Gloss fits all types of stone- and rubber flooring. Ideal for machine scrubbing as it cleans and polishes at the same time.

For manual cleaning or an auto scrubber with red- alt. natural fibre pad.

Basic impregnation after nullification - Dilute Perform Hulk Wash & Gloss 1:5-1:10. Allow to soak into the surface. Immediately after drying, polish with a high-speed machine. Use a high-speed pad on the smoother stone floor and use a natural fibre pad on coarser stone floors.

Manual cleaning with a mop and Perform Hulk Wash & Gloss is also recommendable. If higher gloss is desired, repeat the procedure. Always do a test area to verify the effectiveness and results before an entire surface is treated for the first time. Perform Hulk Wash & Gloss is a member of the Perform Floor-Recond System.

MSDS is available for professional users on our website: www.ajourtrading.com or scan QR-code.

pH approx. 7,0 in concentrate. Store this product frost-free.

This product is manufactured in Sweden.
